## What does the GRCA Archives Contain

The Collection (referred to as the Catalog) - Catalog Searches (Library / Objects / Photos)

The individual catalog searches can also help narrow down your search, by only searching with a selected catalog.

**Library** - Think of your local library and what it contains – magazines, newspaper clippings, articles, show catalogs, stud books, yearbooks, and much more. Below is an example of a search that would be looking for all Golden Retriever News from the 1970's – 73 results were returned.

## The Western Regional Specialty

**Am. and Can. Ch. CAL-VO'S HAPPY AMBASSADOR, CD**  
Owner: Bill and Joan Young  
Handled by: Mike Shea

**By Bea Goldblatt**

The sites of our July 28th Western Regional Specialty were varied: Ring 23 at the Ventura County Dog Fanciers Association Show, Ventura, Cal.; the United Water Co. Field Trial Grounds at Saticoy, and the Holiday Inn, Ventura. Our hosts at each place were splendid.

From Friday afternoon on, handsome Golden retrievers swept into the Holiday Inn. They looked splendid, happy and playful, quite unlike most owners who had driven from all up and down the west coast and from as far east as Minnesota. Perhaps the greatest show of all took place there as owners unloaded dogs, crates, children, food and what-nots. Suddenly there was Roberta Anderson and three big Golden retrievers emerging from a VW wagon; the Vogels pulling up curbside; all sorts of campers from Arizona; the Bedingfields from Washington, etc. Inside the windy entry some semblance of

**FC-AFC Tioga Joe --  
FC-AFC Chief Sands**

Call it intuition if you like, but I simply knew there would be good reason to delay sending in our news until after the last two licensed trials. FC, AFC TIOGA JOE nearly had a double header in his hip pocket by winning the Amateur Stake at Madison last week and placing second in the Open. When "Joey" is on . . . he and Vern Weber can be quite fantastic. He's a little grey around the muzzle at 8, but calm enough to not raise an eyebrow when the champagne corks pop!

Probably one of the most popular wins in a long time came yesterday when Richard Sampson and AFC CHIEF SANDS

# Additional Tips for Searching

## Keyword Search

**Keyword Search** allows you to perform a general search across multiple fields for any catalog records online. Keyword searches use OR as the default connector between words (e.g. a search for *Hanley Ranch* will return records associated with *Hanley* OR *Ranch*). If you want to find records where both keywords are found, type in AND between the two words. To search for a specific phrase, be sure to put the phrase within quotes (e.g. "Rocky Pine Ranch"). You can also use the asterisk (\*) as a wildcard (e.g. a search for *histor\** would come up with records containing *history*, *histories*, *historical*, etc.). Searches are not case sensitive.

## Advanced Search

**Advanced Search** can help you be more specific with your search. You can search for a word or phrase within a particular search category or use multiple categories to further narrow down your search results. For example, searching *White* in the People field will bring up any records associated with a member of the *White* family, without having to sift through black & *white* photographs. You can also search People and Creator records through Advanced Search. Phrase searching with quotes and use of wildcards (\*) are available in Advanced Search.

## Random Images

**Random Images** is a great way to just browse the collection. Each Random Images page displays a random assortment of images from the records online. If something piques your interest, click the thumbnail to view a larger version of the image.

## Catalog Searches (Library / Objects / Photos)

The individual catalog searches can also help narrow down your search, by only searching with a selected catalog. If you only want to search for Photos, click the **Photos** button and type in your keyword(s) or phrase. You can also browse records within that catalog without performing a search. Phrase searching, wildcards (\*) as well as AND/OR statements are available when performing catalog searches.

## Exhibits

View information about current exhibits and items on exhibit, from the **Exhibits** button. Exhibits are special groupings of items we've put together – they currently focus on Nationals but could be anything.
